

# SCHMUCKGARTEN<sup>®</sup>

*Schmuckstücke mit eigenem Pferdehaar*

We make individual and exclusive jewelery with the hair of your horse.

The unique and loving relationship to your horse is like a wonderful treasure. Wear this treasure in form of a very personal unique piece of jewelery always and everywhere. From the tail hair of your beloved horse we make a tissue embedded into beautiful and handmade high quality jewelery.

*How it works (fill out order page 5 & 6):*

- ✓ choose your favorite jewelery
- ✓ rings: specification and entering of your ring size (table 1, page 2)
- ✓ if you don't know your ring size, contact us, we will help you to find out
- ✓ bracelets: specification and entering of necessary length(table 2, page 2)
- ✓ choose your favorite metal (silver 925,-/rosé-, white-, grey,- yellow gold 585,-/platinum 950,-)
- ✓ determine the number of tails required, according to the selection of the jewelery (table 3, page 2)
- ✓ choose your favorite weave pattern ( overview 4, page 2) – see also “info about the horse hair”
- ✓ it's also possible to take hair from different horses' tails in one piece of jewelery
- ✓ please send us the completely filled out order form and the required number of tail hairs
- ✓ when your order form and the hair arrived us, you will receive an invoice
- ✓ after incoming payment (prepayment by Paypal or bank transfer) the tail hair gets washed and woven and your jewelery gets made by the goldsmith
- ✓ the delivery time is approximately eight weeks, as every single piece of jewelery, including the tissue, is handmade
- ✓ immediately after completion, we will send you your jewelery with UPS
- ✓ of course, you are also welcome to visit us personally in the Schmuckgarten show room

*Your horse hair becomes tissue (info – please pay attention):*

For weaving, the horse hair should be as long as possible (tail). The horse hair should be at least three times longer than the finished tissue. To create a pattern, we need horse hair in different colors. Horse hair of several horses can be taken in one piece of jewelery. Mixing very different horse hair (race, age) can cause technical complications and restrict the choice of the pattern.
